

- AC ADAPTER
- CAR ADAPTER
- RECHARGEABLE BATTERY

AC Adapter: The AC Adapter is the perfect solution for charging your DS Lite from a standard wall outlet.

1. Connect one end to the DS Lite's DC input.
2. Plug the other end into a standard wall outlet.
3. Refer to your DS Lite's original User's Guide for charging times.

Car Charger: The Car Charger can charge your DS Lite from any Car's power source.

1. Connect one end to the DS Lite's DC input.
2. Connect the other end to your Car's power source.
3. Refer to your DS Lite's original User's Guide for charging times.

Rechargeable Battery: The Rechargeable Battery is designed to fit directly into your DS Lite's battery compartment.

1. Using the included mini screwdriver, unscrew the battery compartment cover on your DS Lite.
2. Lift the cover and install the Rechargeable Battery.
3. Replace the cover and charge your DS Lite via either of the included charging accessories.
4. Refer to your DS Lite's original User's Guide for charging times.
