

# Power Case

## User's Guide

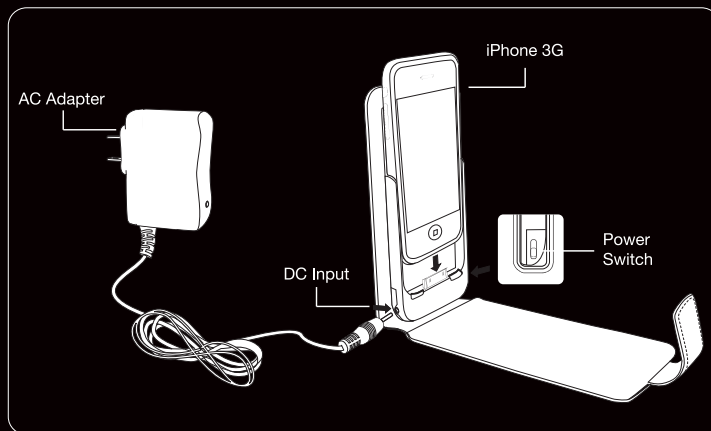

### CONTENTS:

- Power Case for iPhone 3G
- AC Adapter

### CHARGING THE POWER CASE:

1. Connect the included AC Adapter to the Power Case DC input.
2. Connect the AC Adapter to any standard wall outlet.
3. Confirm the Power Case power switch is in the downward position.
4. The power switch will illuminate RED to indicate charging has begun.
5. The power switch LED will turn off indicating the Power Case is fully charged.

### INSTALLING iPhone 3G:

- Slide your iPhone 3G into the Power Case until it reaches all the way to the bottom of the case. Confirm the iPhone 3G is properly connected to the Apple Pin.

### CHARGING/POWERING YOUR iPhone 3G:

- Slide the power switch to the UP position, charging and powering of your iPhone 3G will begin automatically.

### CHARGING POWER CASE & iPhone 3G TOGETHER:

1. Slide your iPhone 3G into the Power Case until it reaches all the way to the bottom of the case. Confirm the iPhone 3G is properly connected to the Apple Pin.
2. Connect the included AC Adapter to the Power Case DC input.
3. Connect the AC Adapter to any standard wall outlet.
4. Confirm the Power Case power switch is in the downward position.
5. The power switch will illuminate RED to indicate charging has begun.
6. The power switch LED will turn off indicating the Power Case is fully charged.
7. Refer to your iPhone 3G display for iPhone 3G charge status.
