

DUAL CHARGE

Instruction Manual

Thank you for purchasing the i.Sound™ Dual Charge. The i.Sound™ Dual Charge provides you with 2 convenient ways to power and charge your iPod®

To power and charge your iPod® using the AC adapter, connect your Apple® or 3rd party USB cable to your iPods® dock connector and the USB end into the AC adapter, then plug the AC adapter into a wall outlet.

To power and charge your iPod® using the Car Charger, connect your Apple® or 3rd party USB cable to your iPods® dock connector and the USB end into the Car Charger, then plug the Car Charger into a car power input or cigarette lighter input.
